

## Leaf & Brush Pick-up Schedule

**Loveland, Ohio** - The City's Fall Leaf Collection schedule will begin on October 17 this year. Leaf collection during this period will be done by a City crew using mechanical equipment similar to a vacuum cleaner. Residents are instructed to: "Rake leaves to a place near the street or curb. Do not place leaf piles on the sidewalk, gutters, ditches, roads, or blocking fire hydrants."

In each of the neighborhoods or streets listed below, a crew will be working the area on the dates shown and the crew will be making one pass on each street during the period of collection. The schedule calls for each neighborhood to have two collection periods. Residents are requested to have leaves at the curb prior to the beginning date of the scheduled pick-up period in the following neighborhoods:

## **Brush Pick-Up**

The 2016 fall brush pickup program will begin on Monday, November 14 and will run for five weeks. Brush must be placed at the curb no later than Sunday night of the scheduled week of each collection.

**November 14:** Area of the City that has a **Monday** trash pickup.

**November 21:** Area of the City that has a **Tuesday** trash pickup.

**November 28:** Area of the City that has a **Wednesday** trash pickup.

**December 5:** Area of the City that has a **Thursday** trash pickup.

**December 12:** Area of the City that has a **Friday** trash pickup.

The following are guidelines established for the brush pick-up program:

- 1 Limbs cannot exceed 10" in diameter at the cut section.
- 2 Small twigs and sticks should be bundled with twine in bundles 12" in diameter. Twigs or sticks can also be placed in a container at the curb, but no other yard waste should be in the containers. No loose piles of sticks and debris.
- 3 Limbs should be placed at the curb with the cut section facing the street and all limbs should be facing the same direction. This makes it easier and faster to handle.
- 4 Brush must be placed at the curb or edge of roadway. Do **NOT** place brush in the roadway, gutter, ditches, or on sidewalks. Do **NOT** block fire hydrants.
- 5 No leaves, pine needles, grass clippings, or other yard waste will be collected.

The City said that any material not meeting these requirements cannot be collected and will be left at the curb.

Wood chips will be available again this year at the Public Works Department, 10980 Loveland-Madeira Road. Anyone in the City who would like a full load of wood chips should call 513-707-1439.

Outside the regular pick-up schedule, residents are encouraged to come to City Hall to get a free voucher to drop off any yard waste to Evans Landscaping.
